presents

## Systems Engineering Career and Professional Development at SLU

**It's your career—own it.**

The SLU Center for Workforce and Organizational Development provides professional organizational and technology training for skill acquisition and certification credentials.

For systems engineers looking for career skill enhancement, these courses provide PDUs necessary to maintain our Systems Engineering Professional certifications.

Cheryl Roth will be our invited speaker to share what SLU offers and how their programs can be valuable additions to your professional portfolio.

**Wednesday, March 27, 5:00pm**  
**Sports Cafe, 2579 Penridge Dr., Bridgeton, MO**  
**Tickets are free but limited: [incose-mgc.org/pro](http://incose-mgc.org/pro)**
